- Digital Marketing
- Web Development

## LANGUAGES

- English (Moderate)

## PROFILE

Hi, I'm Ramon, a web developer passionate about front-end technologies and user experience. I enjoy creating interactive, intuitive websites and applications. Currently, I'm learning back-end development with Node.js to build full-stack projects. I'm also interested in technical hardware and enjoy exploring the connection between software and physical tech.

## EDUCATION

**Bachelor of Science in Information Technology** 2021 - 2025  
Bukidnon State University (Main Campus)  
**GPA:** 1.7 / 5.0

**Information & Communication Technology (ICT)** 2018 - 2020  
Kalilangan National High School (Senior High)  
**GPA:** 91 / 100

## PROJECTS

**Dialy (NextJS)** APRIL 2025

A minimalist online journal for writing your thoughts anytime, anywhere. Built with Next.js and hosted on Vercel.

Visit: [journal1414.vercel.app](https://journal1414.vercel.app)

**Technologies Used:** NextJS, Clerk, NeonDB, Tailwind, Shadcn

**AirSense (capstone)** AUGUST 2023 - DECEMBER 2024

An IoT-based air quality monitoring and forecasting system that tracks pollutants including PM2.5, PM10, CO, NO2, and O3.

**Technologies Used:** Laravel, Node.js, MySQL, Express, Bootstrap
